Image description: a chart of over 383 dance genres, forms and techniques, layered in six concentric circles. Text that represent a dance genre is coupled with a number representing the number of times this genre is mentioned in the application forms. The outmost layers represent genres with the highest-number mentions, except for the largest circle which represents the terms that are used as either nouns or adjectives. The inner-most circle represents genre/forms only mentioned once. A colored logo of Dance/USA appears on the upper left-hand corner of the chart. Credit info: Dance form/genre mentions from original applicant pool (Round two) Data visualization chart created by Gene Pendon (design) and Michèle Steinwald (data).

Please contact the program team for the full text list of terms.
